## Movable Support, Right Where It's Needed

Introducing the new and improved DependaBar: The wall-mounted grab bar with a pivoting design that puts support directly in front of the user.

Whether you're helping someone age in place or recover from injury, the DependaBar brings both functionality and flexibility — in finishes that look great in any home.

- 5 locking positions for safety and confidence
- 300lbs weight capacity; ADA compliant
- Aligns with wall studs spaced 16" on center
- Rust-resistant #304 stainless steel
- New finishes: Brushed Stainless Steel, Chrome and White

### ADA Compliant
